

NEW JEEP® RENEGADE

A CLEAR PATH AHEAD.

Every step in the right direction is an important one, so put your best foot forward. Introducing the Jeep® Renegade: unmatched capability, lower emissions, optimised power and technology that makes a difference. It's time to change gears for the better, and the Jeep® Renegade is leading the way.

A NEW ENERGY

FOR MORE FREEDOM.

HYBRID OUR WAY.

BACKED BY NATURE.

JEEP® RENEGADE e-HYBRID.

The Jeep® Renegade is made to be a trailblazer, so it comes naturally that it represents another step in the sustainable evolution of the Jeep® family. The Jeep® Renegade e-Hybrid offers practical electric features for a more comfortable, technological and energy-saving driving experience. The Jeep® Renegade e-Hybrid combines the all-new 1.5L Turbocharged petrol engine with a compact electric motor integrated in the DCT transmission delivering 130 HP, 240Nm of torque. The electric motor can give an additional up to 15 kW (20 HP), as the e-Boost function. The e-Hybrid technology delivers an incredibly pleasant and efficient ride, thanks to its advanced hybrid experience, able to deliver a pure electric drive at low speeds, during maneuvers or while coasting. Great efficiency is guaranteed both in and outside the city too thanks to the new 7-speed Dual Clutch automatic transmission, proven by its low emissions rating and -13% g/km CO₂ compared to the previous traditional powertrain in the WLTP combined cycle.

A NEW FORM OF THE JEEP® SPIRIT.

The combination of the new 1.5L petrol engine, the BSG (Belt Start Generator) and the e-motor integrated in the gearbox offers an innovative hybrid solution: the Renegade e-Hybrid is able to travel in pure electric at low speed up to a few kilometers at 0 emission.

Powered by a water-cooled 48V battery located under the driver's seat, the electric power unit supplies the e-motor without compromising the spacious interior.

Most importantly, enjoy a new, more sustainable driving experience with the electric drive functions like e-queuing and e-parking, plus freedom from external charge thanks to the auto-recharge function via regenerative braking, which charges while on the go.

A dark grey Jeep Renegade 4xe Plug-In Hybrid SUV is shown from a front-three-quarter view, parked on a city street at night. The car's headlights are on, and the background features a modern building with illuminated windows and trees. The overall scene is lit with a cool, blue-toned light.

4xe

MOVING FORWARD WITH A GREATER PURPOSE.

JEEP® RENEGADE 4XE PLUG-IN HYBRID.

The innovative electric 4x4 system in the Jeep® Renegade 4xe Plug-In Hybrid is always ready to ensure maximum traction and control in all driving conditions. Drivers can also experience new comforts when starting off with preconditioning which allows you to set the interior to the right temperature before even getting in. It's the natural evolution of a legendary spirit. Enjoy the smooth transition between its combustion engine and electric motor on every road, even without any driver intervention. This means more performance, in every sense of the word. The Jeep® Renegade 4xe Plug-In Hybrid delivers more off-road capability, up to 240 HP, greater torque while emitting less than 50g of CO₂ in hybrid mode. Choose between three new driving modes, allowing you to travel up to 50km with zero emissions in full electric mode. With two powerful, efficient engines you will never be without the power you need to reach your destination, whether driving in total compliance with emissions regulations in the city or on the trail.

EMPOWERING
MORE POSSIBILITY.

4xe

BATTERY

ELECTRIC MOTOR

CHARGING PORT

PETROL ENGINE

The all-new Jeep® Renegade 4xe combines the latest Plug-in hybrid technology with an efficient 1.3L Turbocharged petrol engine. By itself, the petrol engine features two power steps, 130 HP and 180 HP. When combined with the rear axle electric motor, the Jeep® Renegade 4xe delivers 190 HP and 240 HP with added torque and capability. In full electric mode, the electric motor can reach 130 km/h of maximum speed on its own and can travel up to 50km on a full charge. A modern compact SUV designed for urban environments and created to deliver authentic and sustainable freedom like never before.

4xe

MORE CONTROL TO REACH NEW HEIGHTS.

The Jeep® Renegade 4xe Plug-In Hybrid generates a new kind of sustainable power thanks to the dedicated electric motor that directly powers the rear wheels. A sophisticated electronic four-wheel-drive system is able to surpass the mechanical limits of traditional 4x4 systems. The Jeep® Renegade 4xe Plug-In Hybrid can create up to 50% more torque, outperforming standard combustion engines while being more sustainable, guaranteeing the efficiency and the right amount of power and traction needed to drive in any condition. Choose the most suitable driving mode as you go with the Selec-Terrain™ traction system: Auto, Sport, Mud/Sand, Snow and Rock, exclusively for the Trailhawk.

CHOOSE WHEN
TO CROSS PATHS.

4x4e

AUTO The default selection that is perfect for everyday driving and uses the rear electric motor when necessary to engage the electric 4x4 system.

MUD / SAND Uses the electric 4x4 system for increased torque and traction at low speeds, implementing specific chassis controls, differentials and transmission ratios to conquer the sand and mud.

SPORT The combustion engine and electric motor work together to guarantee the most sporty driving experience.

ROCK Exclusive to Trailhawk, this mode delivers skillful low-speed electric 4x4 capability due to its rear-differential locking mechanism, allowing Renegade to overpower the most challenging terrain.

SNOW Adds stability and minimises oversteer for security and performance on snow and ice covered roads. Major systems are managed to guarantee a smooth ride.

7" INSTRUMENT CLUSTER

CHARGE LEVEL / ELECTRIC RANGE /
% POWER / CHARGE

Stay focused on the road and easily check the state of your battery's charge, range and even get coached on how to drive more efficiently.

HYBRID MODE SELECTOR

Choose one of the three driving modes.

HYBRID: intelligently uses both engine to maximise efficiency.

ELECTRIC: only uses the electric motor for zero emissions.

E-SAVE: recharge your battery on the go with regenerative braking.

E-COASTING

ENERGY REGENERATION / DURING
COASTING CONTROL

Charge your battery even while you are on the go with e-coasting, which uses the negative torque of engine brake as a way to recharge the battery.

8.4" UCONNECT™ RADIO

POWER FLOW / DRIVING HISTORY
/ SCHEDULES / E-SAVE / CHARGE
SETTING

View all of the information about your charge, driving efficiency, driving history, scheduled charging and much more all on the 8.4" Uconnect™ Touchscreen.

NEW CHALLENGES, DEDICATED SOLUTIONS.

4xe

STANDARD ELECTRIC OUTLET

Charge your vehicle with the standard cable wherever there is a domestic electric outlet.

WALLBOX

The easyWallbox is the most practical and smart way to charge your vehicle at home. It will allow you to get a full charge in 4 hours (2.3kW power) with no need of any intervention by specialized staff for the installation. You can also schedule the charging according to your needs through the Uconnect™ system or the mobile app.

PUBLIC CHARGING

Use public charging stations to recharge your battery on the go (average recharge time: 1hr and 40 mins thanks to 7.4 kW power).

TAKE CHARGE OF YOUR FUTURE.

Charging the Jeep® Renegade 4xe Plug-In Hybrid is intuitive, easy and suitable for urban commuters. The 8.4" Uconnect™ screen makes the battery charge easy to read and understand, but more importantly you can set scheduled charging times to fit your lifestyle.

MY ASSISTANT

To receive alerts and assistance in the event of an accident or breakdown concerning your Jeep®.

MY REMOTE

To find and control your Jeep® at all times and everywhere.

MY CAR

To monitor and take care of your Jeep®.

MY NAVIGATION*

To receive real-time information on traffic conditions, weather and speed cameras along your route.

MY eCHARGE**

To manage all charging operations at public stations or at your private wallbox.

MY WI-FI***

Surf the Internet and connect multiple devices to your Jeep® at the same time.

MY ALERT***

To receive help and assistance in the event of theft and recovery of your Jeep®.

MY FLEET MANAGER***

Solution for managing your fleet ensuring absolute control over the activities, service status, maintenance and assistance.

Uconnect
SERVICES

FREEDOM IS CONNECTING.

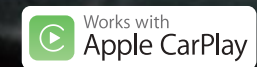

Download Jeep® mobile app or go to the official Jeep® website to take advantage of all services.

For more information regarding the timing and activation for each service, please refer to the official Jeep® website.

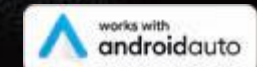

*Only available on Radio Uconnect 8.4" Navi. **Only available on 4xe versions. *** Optional services.

AN INNATE CONNECTION.

You get to stay focused on what you need to do and connected to what you want to be. The Uconnect™ Nav and infotainment system, boasting an up to 8.4" full colour, high definition touchscreen allows you to touch, pinch, zoom or use voice commands. Stay cool or warm, with integrated climate control that manages the automatic dual zone air conditioning system that can now be regulated directly on the infotainment touchscreen. For those who seek adventure, learn from the experts using the Jeep® Off-Road Pages App that let you gauge and measure pitch, roll, pressure and altitude in addition to your overall performance to give your adventure that extra boost of confidence.

Apple CarPlay™ gives you intelligent and safe access to Apple Maps, Phone, Messages and Apple Music through Siri or the Uconnect™ touchscreen.

Android Auto™ offers an easy connection via touchscreen and steering wheel controls to handsfree voice control, Google Maps, YouTube Music.*

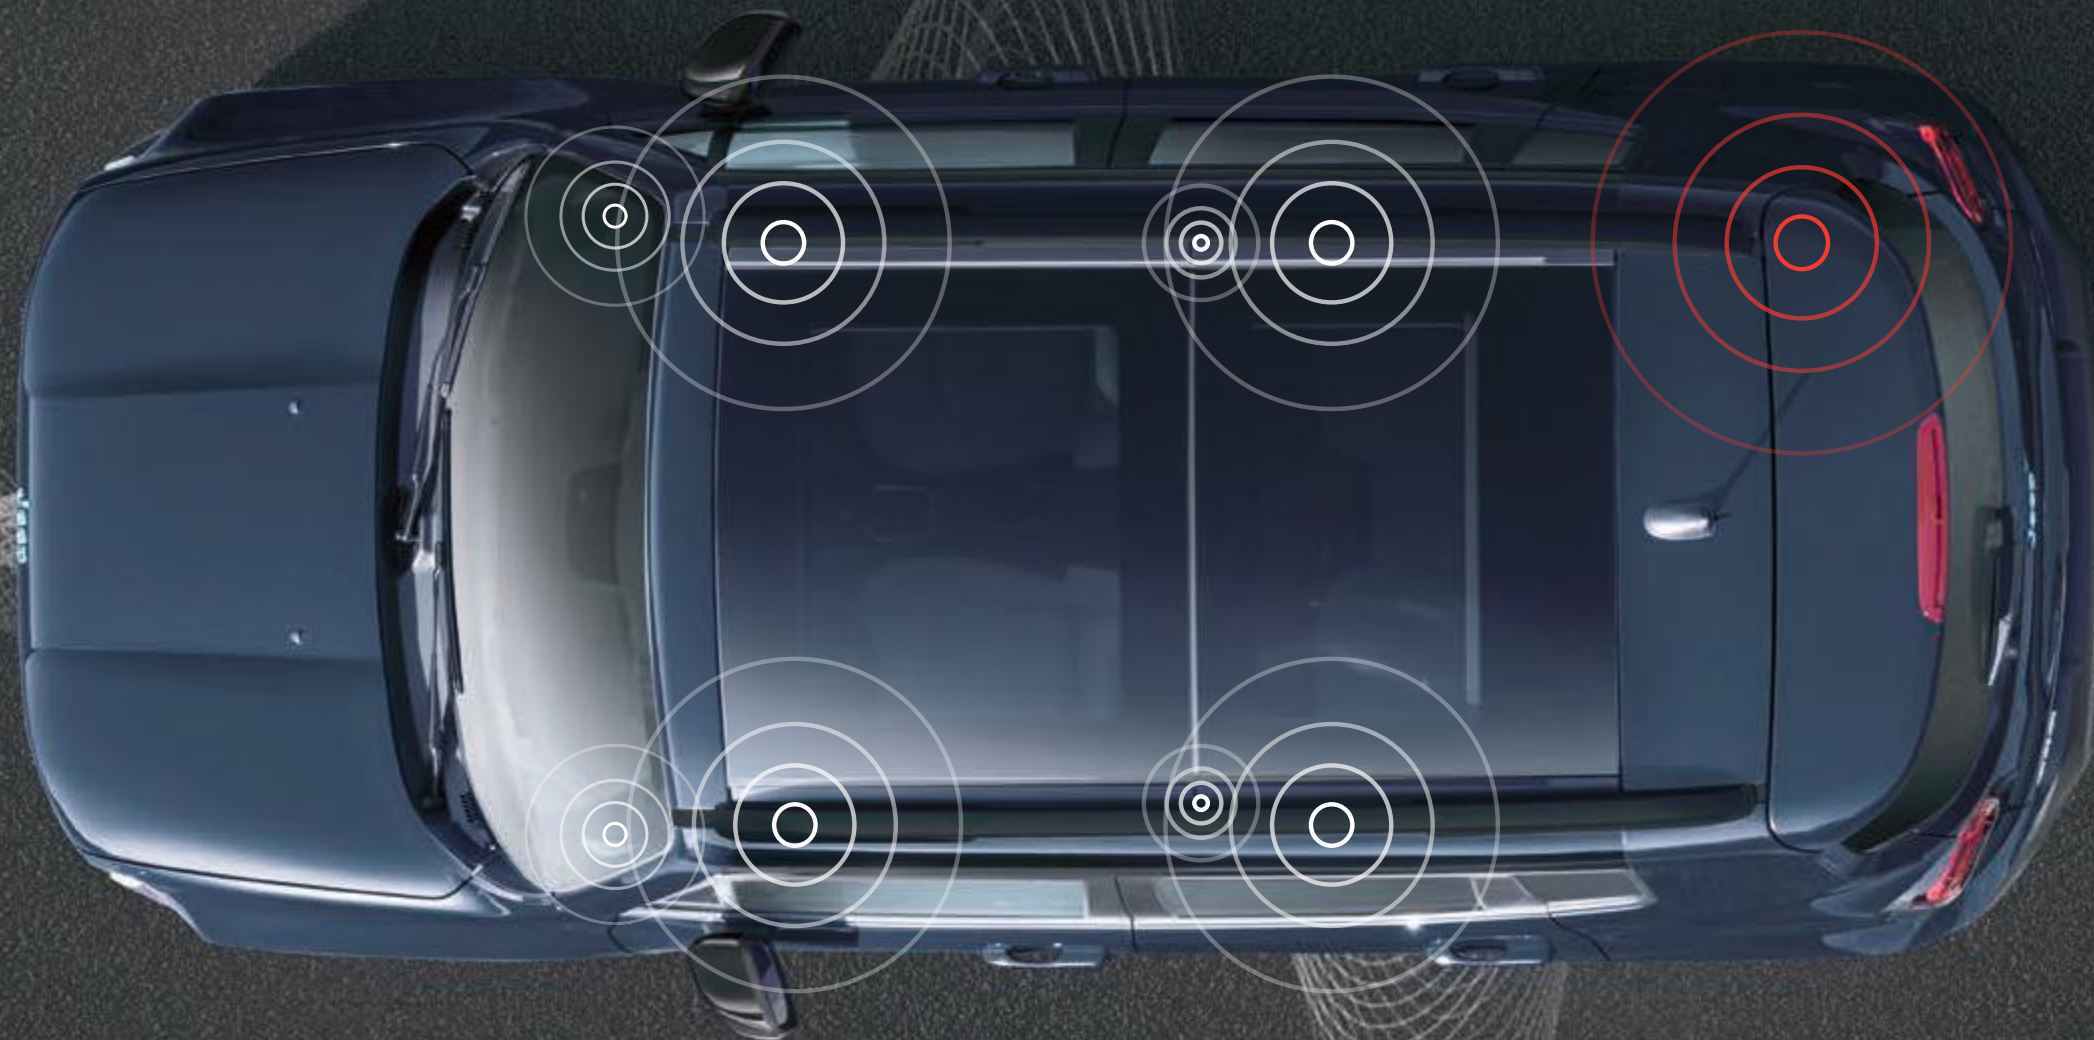

* To use Android Auto on your car display, you'll need an Android phone running Android 6.0 or higher, an active data plan, and the Android Auto app. Google, Android, Android Auto, YouTube Music and other related marks are trademarks of Google LLC. Android Auto is not available in all regions and languages. Please check <https://www.android.com/auto/> for country and language availability.

ALWAYS IN YOUR ELEMENT.

Being comfortable must be a top priority for any great adventure. The Jeep® Renegade interiors have been tailored to give everyone onboard comfort with touch of style, with premium leather options and accent stitching.

ENERGY YOU CAN HEAR.

KENWOOD

The Premium Audio System by Kenwood is powered by 1 digital amplifier 8 channels 560Watt and transforms your daily soundtrack into a personal concert. The new tuning maintains an extraordinarily uniform and defined sound and with its 9 HiFi speakers it envelops the passengers with rich, dry basses, natural voices and crystal-clear trebles.

9 speakers:

- 2 - 3,5" tweeters on dashboard
- 2 - 1" tweeters on rear doors
- 4 - 6x9" mid woofer speakers on front & rear doors
- 1 - 6,5" bass-reflex Subwoofer with HiFi double coil speaker

NEVER LET YOUR GUARD DOWN.

Nowadays, looking over your shoulder is not enough. With over 60 safety and security features easily understood via audio and visual warnings, including Lane Departure Warning Plus, Intelligent Speed Assist and Traffic Sign Recognition standard on all trims, the Jeep® Renegade actively and passively keeps an eye out, senses obstacles and dangers for you and your passengers.

LANE DEPARTURE WARNING PLUS

The vehicle lane position is monitored by cameras and provides a visual warning if the vehicle approaches the lane boundaries unintentionally. Additionally, in case of lane drift the system proactively leverages the electronic power steering to help the driver in taking a corrective action and getting back in the lane.

BLIND SPOT MONITORING AND REAR CROSS PATH DETECTION

These sentry systems constantly monitor the space between you and other vehicles. When a side or rear blind spot is encroached, you're notified via illuminated icons on sideview mirrors and an audible chime.

FORWARD COLLISION WARNING PLUS

Radar and video sensors detect whether the Renegade is approaching another vehicle or large obstacle in its path too rapidly and will warn or assist the driver in avoiding/mitigating the incident.

INTELLIGENT AWARENESS

Sometimes the details can get lost along the way, but with the state-of-the-art Traffic Sign Recognition system (TSR) you are alerted about overtaking, speed limit changes and possible restrictions directly on the 3.5" or 7" TFT display. Combined with the Intelligent Speed Assist (ISA), you can quickly accept increases or decreases to speed, and activate or deactivate the system all via intuitive steering wheel controls.

EMERGENCY BRAKING – CAMERA ONLY

Thanks to an advanced calibration of the Front Camera, Renegade is able to provide the extra-urban emergency braking function without the need of a front Radar. Thanks to Radar avoidance Emergency braking is now available also for Trailhawk.

REAR CAMERA WITH DYNAMIC LINES

The ParkView back-up camera provides perfect visibility when reversing and assists the vehicle's movement and direction thanks to the Dynamic Lines visible on the Uconnect™ screen.

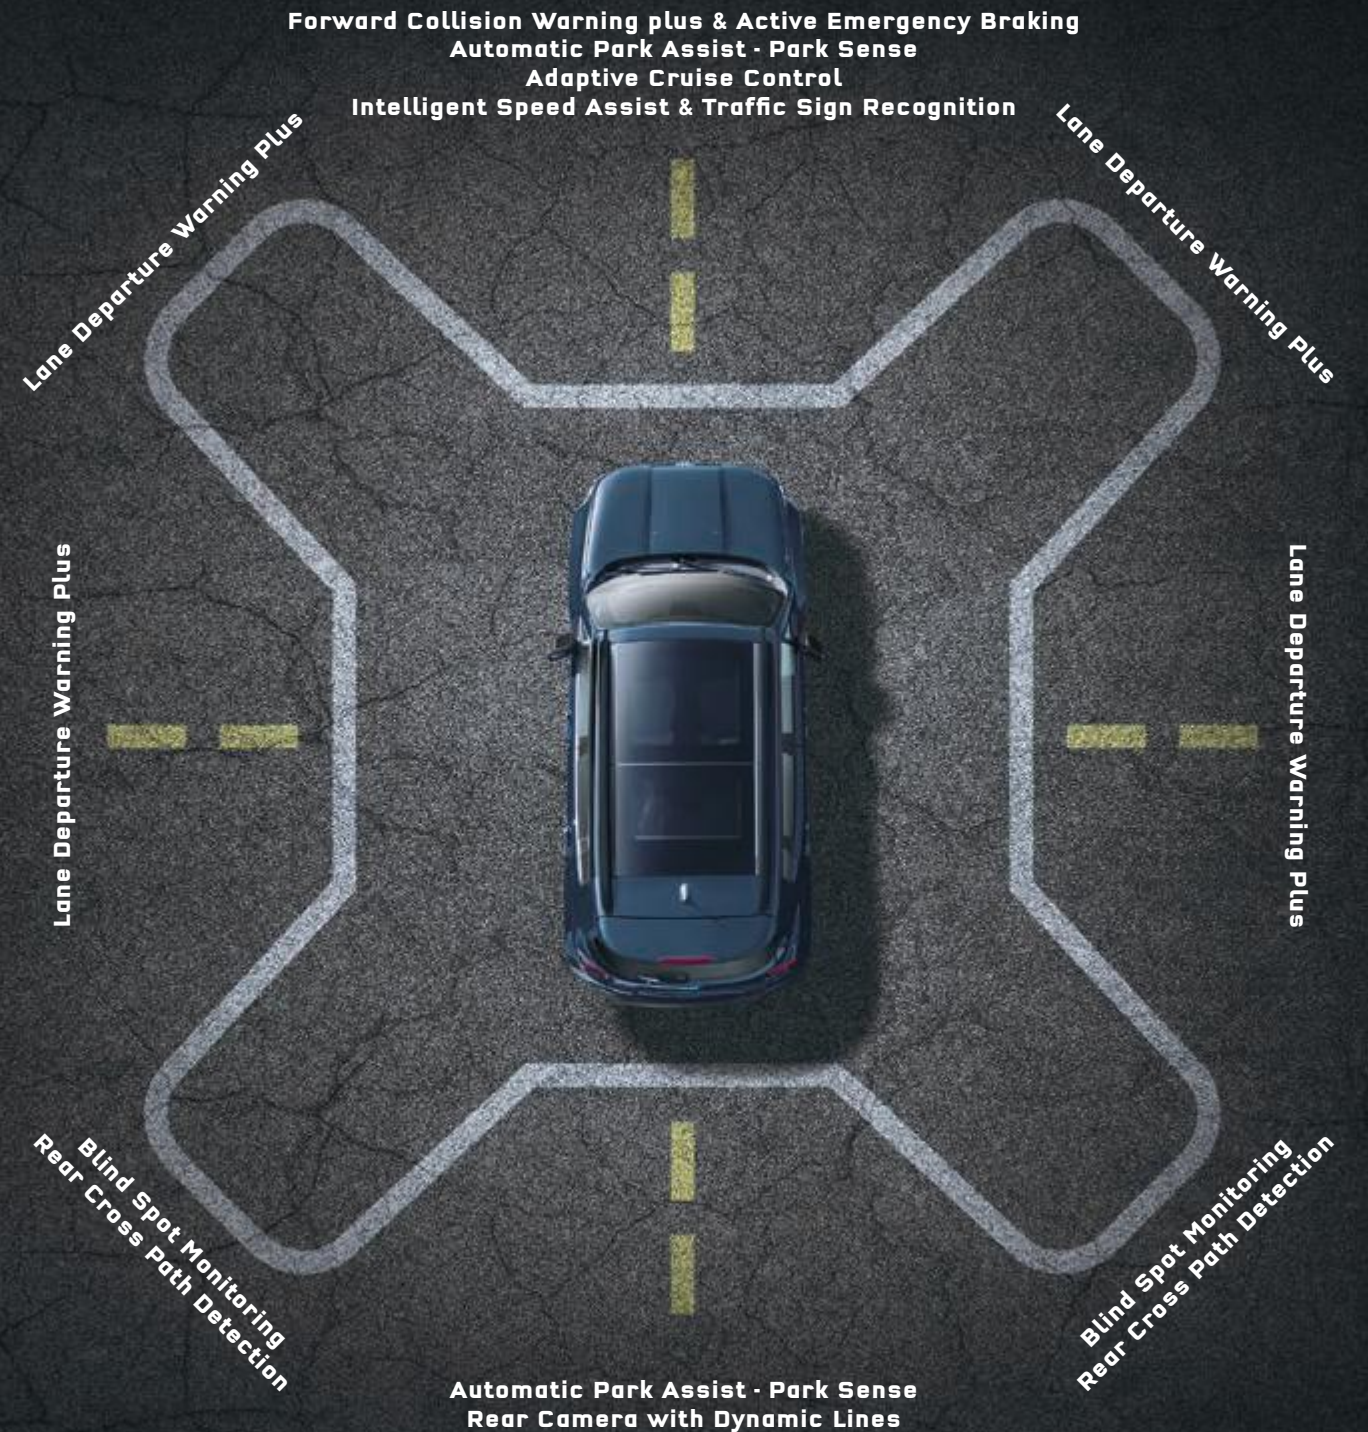

AUTOMATIC PARK ASSIST - PARK SENSE

The system locates a parking space and guides the driver with audio and video instructions that also appear on the TFT instrument cluster. Plus, the new automatic pull-out function that assists in getting out of the parking spot. The driver needs to control the gear, brake and throttle position while the steering system controls the steering wheel.

DROWSY DRIVER DETECTION (only on Renegade 4xe and e-Hybrid)

The system detects the level of driver fatigue. A dedicated text message is sent to suggest the driver to rest when needed. Furthermore, an icon is added for the entire key cycle, even after removing the message on the TFT. This icon will disappear only if the driver stops, turns off the vehicle and rests.

THE NATURAL EVOLUTION OF POWER.

Creating power may be easy, but making it work smarter takes a different kind of talent. A complete line of highly efficient engines that provide increased power and responsiveness, featuring Petrol, Diesel, Hybrid and Plug-In Hybrid alternatives. 4xe Plug-In Hybrid engines range from 190 HP to 240 HP to enjoy unprecedented capability and efficiency. The Jeep® Renegade range is completed by the all-new e-Hybrid powertrain system, as the perfect solution that brings together convenience, efficiency and performance. Traditional combustion diesel and petrol options are available to meet all mobility needs.

4XE PLUG-IN HYBRID	1.3 Turbo 4-cylinder	190 HP	4x4 Low	6 speed	AT
		240 HP			
e-HYBRID	1.5 Turbo 4-cylinder	130 HP	4x2	7 speed	DCT
DIESEL	1.6 MultiJet II	130 HP	4x2	6 speed	MT
PETROL	1.0 Turbo 3-cylinder	120 HP	4x2	6 speed	MT

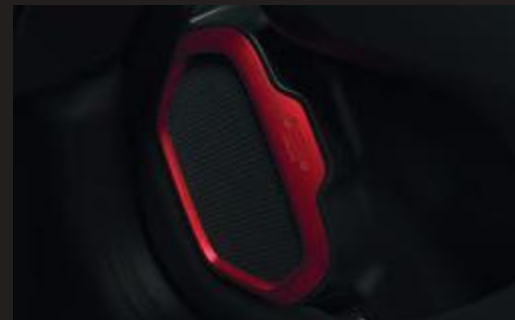

Jeep

(RENEGADE)RED, available as an e-Hybrid or PHEV, is the combination of looking good and doing good, with true Jeep® style and freedom. The exterior is highlighted by new 19" Granite alloy wheels, dedicated hood decal and rear (RED) badge that highlight the coming together of these two iconic names. The interior features Ruby Red accents on the air vents and door speaker bezels as well as a 8.4" Uconnect™ Navigation touchscreen, equipped with Apple CarPlay and Android Auto™, black cloth seats and unique stitching in red and black throughout the interior. Now you can make a statement, from the inside and out.

NEW JEEP® RENEGADE RED.

The Jeep® brand and (RED): an impactful partnership that fights health emergencies and pandemics. Every purchase of a 2023 (JEEP®) RED Edition Renegade will support a \$4 million commitment from Fiat, Jeep®, and Ram. All contributions fund a range of prevention, treatment, counseling, testing, education, and care services to communities most in need.

CITY JEEP® : RENEGADE.

LONGITUDE

Indicative images for illustrative purposes only. Some features illustrated and/or shown may be temporarily out of order, however they may be available on a limited number of vehicles on stock.

- External rearview mirrors with electrical drive
- Techno vinyl steering wheel
- 16" Aluminum wheels
- Lane Keep Assist
- Electrical Parking Brake
- Drowsy driver detection (only on e-Hybrid)
- Uconnect 7" DAB plus radio
- Cruise control
- Apple CarPlay™ / Android Auto™ compatibility
- Dual zone automatic air conditioning
- Rear parking sensors

MAIN OPTIONAL CONTENTS:

- Uconnect™ 8.4" NAV DAB plus radio
- Uconnect™ Services
- Convenience Pack (Keyless entry, start, Blind Spot Detection, Auto power folding mirrors, Windows key fob control, Express up-down windows, Floor mats)
- Business Pack (Uconnect 8.4" NAV DAB plus radio, Lumbar adjustment)

Indicative images for illustrative purposes only. Some features illustrated and/or shown may be temporarily out of order, however they may be available on a limited number of vehicles on stock.

INCLUDES LONGITUDE FEATURES, PLUS:

- Forward collision warning Plus
- Adaptive Cruise Control
- Premium instrument cluster with 7" color TFT display
- Door trim with vinyl inserts
- 17" Aluminum wheels
- Driver's seat with electric lumbar adjustment
- Uconnect 8.4" DAB plus radio
- Roof rails
- Fog lights

MAIN OPTIONAL CONTENTS:

- Convenience Pack (Keyless entry, start, Blind Spot Detection, Auto power folding mirrors, Windows key fob control, Express up-down windows, Floor mats)
- Visibility Pack (Rear parking camera, Electrochromic rear view mirror, Auto high beam, Automatic park assist)
- Style Pack (Privacy Glass, LED high and low beam, LED fog lights, LED tail and stop lamps)
- Premium Pack (19" aluminium wheels, Leather seats, 8-ways driver electrical adj, 40/20/20 rear seats)

PLUG-IN HYBRID STANDARD:

- Uconnect™ Services
- Drowsy driver detection
- Automatic Transmission

- Select-Terrain System
- Hill Descent control
- A/C preconditioning

PLUG-IN HYBRID:

INCLUDES LIMITED FEATURES, PLUS:

- Black low gloss carrier
- Metakrome burnished glossy grille
- Black cloth seats with ruby red stitching
- Ruby red bezels
- 17" specific off-road wheels
- Specific off-road skid plates and bumper
- Tow Hook
- Hood Decal
- 8.4" NAV DAB plus radio
- Convenience Pack (Keyless entry, start, Blind Spot Detection, Auto power folding mirrors, Windows key fob control, Express up-down windows, Floor mats)
- Led Pack
- Privacy tinted glass

- Drowsy driver detection
- Front Parking sensors

MAIN OPTIONAL CONTENTS:

- Leather Pack TH (leathers seats, driver B ways electrical adj., 40/20/40 rear seats)
- Premium Audio System by Kenwood
- Winter Pack
- Sunroof
- Mode 3 Cable
- Visibility Pack (Rear parking camera, Electrochromic rear view mirror, Auto high beam, Automatic park assist)

The values of the CO₂ emissions and fuel consumption are defined on the basis of official tests in compliance with the provisions under the applicable EU Regulation in force at the time of the homologation. In particular, the values indicated are determined on the basis of the WLTP test procedure. The CO₂ and fuel consumption values obtained according to applicable regulation are indicated in order to allow the comparison of vehicle data. The values of CO₂ and fuel consumption may not reflect the actual values of CO₂ and fuel consumption, which depend on many factors related, by way of example but not limitation, to the driving style, the route, the weather and road conditions, as well as the condition, use and equipment of the vehicle. The indicated value of CO₂ and fuel consumption refers to the versions of the vehicle with the highest and the lowest values. Those values may change with subsequent configuration depending on equipment selected and/or size of tires selected. The indicated values of CO₂ and fuel consumption are not definitive and may evolve as a result of changes in the production cycle. In any case, the official values of CO₂ and fuel consumption of the vehicle purchased by the customer will be provided with the vehicle's accompanying documents. In cases where the values of CO₂ and fuel consumption are relevant for the purposes of calculating taxes and duties related to the vehicle, reference should be made to the applicable laws in each Country.

A CUE FROM A VIEW.

To be seen is simple, but to get noticed lies in the details.
